Dear Mr. McClintock: 

This letter shall serve as written notification that I concur with your concerns and recommendations as outlined in the second supplemental memorandum (confidential draft) dated June 10, 2014 regarding the anticipated lease of hospital facilities known as West Jefferson Medical Center ("WJMC") and East Jefferson General Hospital ("EJGH").

I appreciate your assistance as we navigate through this process while maintaining the integrity of our hospitals and our community.

Should you need additional information or to discuss this further, please don't hesitate to contact me.

Sincerely,

Elton M. Lagasse
